

Observe a Bird

Watch outside for a bird. Birds can quickly move away, so watch for one that looks like it might be visible for a few minutes. You do not need to know what type of bird it is. Read the questions below first so you know what to observe.

Carefully observe the bird. Notice its colors, how it moves, what textures it has.

List 5 things you observed about your bird.

1. _____
2. _____
3. _____
4. _____
5. _____

Choose a word that describes how your bird moves: _____

What was your bird doing when you watched it?

What would you name your bird, and why?

Write a short story about your bird:
